Wisconsin Virtual Learning (“WVL”) will be providing students with the opportunity to rent an E570 Lenovo laptop for their educational purposes while enrolled with WVL.

Students who wish to rent a Lenovo laptop from WVL will be required to pay a \$50.00 nonrefundable rental fee per student per school year. Families who have more than 3 students enrolled at WVL will receive a capped fee of \$150.00 per family.

* Families who qualify as reduced economic status will be required to pay a discounted \$30.00 nonrefundable rental fee per student per school year, with a capped family fee of \$90.00. To determine if your family qualifies as reduced economic status, a completed Alternative Household Income Form, located within the Family Access online registration process, will need to be returned to WVL as described below.

Please return completed **Alternative Household Income Forms** to Ann Baumann, District Registrar, via fax: 262-692-3952, email: abaumann@nosd.edu or mail to: Wisconsin Virtual Learning, Attn: Ann Baumann, 401 Highland Drive, Fredonia WI 53021.

The Lenovo Accidental Damage Protection warranty (“ADP”) typically covers unexpected incidents such as accidental drops, spills, bumps, and structural failures incurred under normal operating conditions and handling, including electrical surges and damage to the integrated LCD screen. Laptops are repaired by Lenovo-certified technicians using Lenovo-qualified parts. If a laptop is not damaged beyond repair, then the student’s laptop is repaired and returned, and if repair is not possible, the laptop will be replaced one-time only (per laptop per student), subject to payment by the student/family of the ADP warranty fee in the amount of \$190.

The ADP warranty does not cover cosmetic damage, equipment loss or failures due to usage outside of normal operating conditions, any data loss or interruption of business, intentional damage and misuse removal or alteration of parts, accessories, theft, damage from fires, damage to peripherals or third party products even if sold by Lenovo. **WVL highly recommends adding the rented laptop to the parent’s/student’s homeowner’s/renter’s insurance policy for the replacement value of each rented laptop.** Without the insurance protection against lost or stolen laptops, the student and their family are financially responsible for the full replacement cost of each laptop of approximately \$750.

The foregoing is not an exhaustive description of the Lenovo ADP and all coverage is subject to Lenovo’s terms and conditions.
