

Partner With Wisconsin Virtual Learning

With Part-Time Enrollment, your school district can provide diverse offerings and flexibility to your students!

Wisconsin Virtual Learning partners with schools all over Wisconsin to offer quality education that allows schools to provide more diverse offerings and flexibility for their students. With a model that allows for scalability, you only pay for the classes your students need. The best part? They remain in your school district!

Learn more about our partnership opportunities by visiting our website WisconsinVL.net and click on the “Partner With Us” tab. We look forward to learning more about your needs and how a partnership with Wisconsin Virtual Learning would benefit your students.

“WVL provides an educational environment where my children have excelled. They have grown in confidence in interacting with peers and teachers.”

- WVL Parent

“I decided to do a virtual school where they would provide curriculum and he would still be able to receive his special services at our local school. It has been such a wonderful experience. The support system is incredible.”
