

Turn Off Notifications on WVL Laptops

If you are getting numerous notification pop-ups in the lower right hand corner please follow the instruction below to turn them off.

1: Type **notifications** in the search area by the Start Button and then select **Notifications & Action Settings**

2: Turn off **Get notifications from apps and other senders** and uncheck all available boxes below for **Focus assist settings**

Any questions or issues please contact the helpdesk at helpdesk@nosd.edu
